

brunner ::

ray work

**Full flexibility
every time.**

ray work

- Novel and exceptionally light office swivel chair in an elegant ergonomic design
- A dynamic seating experience thanks to a clever combination of materials and a synchronous mechanism with automatic weight adjustment
- Flexible plastic frame design that adapts to body movement
- Premium mesh back with a cosy feel: breathable and flexible while retaining its shape
- Wide range of colour and material combinations with mesh back as well as classic full upholstery
- Optional with wave-shaped stitching on models 9223 and 9225
- Frame made from recycled plastic when in color lava
- For use in offices, conference settings or home offices, in an elegant and relaxed atmosphere
