01

Product idea.

Nature + Technology = nate.

- Consistent addition to the series with a four-legged table and a high table
- Design language perfectly matched to the organic lines of the series
- High-tech engineering meets sustainable product design
- Moulded beech or oak from national, sustainable PEFC-certified forestry
- Optionally with a new round edge shape with rounded corners
- Suitable for a variety of possible uses in offices and public spaces, e.g. cafeterias, restaurants and health care facilities
- Matching tables, benches, bar stools and stools complete the product range

nate is served.

- Design matched perfectly to the organic lines of the chairs and stools
- Linking frame construction made from extruded aluminium profile to match the design
- New option of rounded edges

- Table legs made from solid wood
- A range of table top sizes, table top designs and edge designs
- Choice of three coating colours for the visible traverse under-frame
