Inspiration and detailed views

01

Product idea.

Bringing everyone to the same table.

- Expansion of the ray collection to include a modular table system for particularly large table depths
- Various combinations for conference areas thanks to flexible positioning of the table legs
- Die-cast aluminium frame in various sizes for maximum stability and a variety of table top shapes
- Tool-free dismantling and reassembly for quick and easy set-up
- Optimum media integration with hinged cable channels that can be removed without tools, plus cable lids integrated into the table top
